

PRESS RELEASE

Dear sir/madam

The **2013 Royal Show** took place from 24 May to 2 June in Pietermaritzburg, KwaZulu Natal. The University of KwaZulu Natal (UKZN), an affiliate member of SANSOR, hosted a SANSOR stand as part of their exhibit.

The UKZN exhibit, including the SANSOR part was judged as a whole and received a **gold medal** for 'Outstanding Display' and a special trophy for 'Best Display in an Individual Building'.

Masses of students walked through the exhibit with many questions and showing real interest in Crop Science and the 'The Story of Seed'.

A huge thank you to all the UKZN staff involved, as well as Bruce McDonald from McDonalds Seeds (full member), Michelle Lloyd from Capstone Seeds (full member), Kayleigh and Ian from Sunshine Seedlings, Hygrotech SA (full member) and Clive at ZZ2.

Please download **pictures** of the SANSOR exhibit, as compiled by Swastika Maney, Public Relations Officer at the UKZN.

Kind regards

Melody Spicer
SANSOR
