31 October 2014

(scroll down for English)

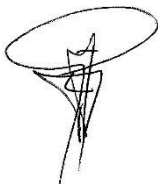

AAN ALLE LEDE BETROKKE BY SERTIFISERING VAN SAAD

OMSENDSKRYWE: OORSPRONG VAN SAAD

Neem asseblief kennis dat vanaf **1 November 2014 GEEN** registrasies van eenhede vir sertifisering aanvaar sal word waarvan die oorsprong van die saad as "ingevoer" aangedui word en waarvoor die volgende dokumente nie die aansoek om registrasie vergesel nie – dit geld vir sertifisering ingevolge die bepalings van alle nasionale en internasionale saadskemas:

- 'n OECD Sertifikaat wat die oorsprong en generasie van die saad bevestig, en/of
- 'n Geskandeerde afskrif van die OECD/AOSCA etikette wat aan die betrokke houers geheg was van elk van die oorspronge, en/of
- In die geval van Pre-Basissaad/Telersaad, skriftelike bevestiging, op 'n amptelike briefhoof van die Teler van die betrokke variëteit/ ingeteelde lyne dat die betrokke saadlot geskik is vir die produksie van Pre-Basis of Basissaad, EN
- 'n Variëteitsbeskrywing soos vereis deur OECD of volgens die UPOV riglyne saamgestel, van die betrokke variëteit of in die geval van die produksie van basters en kruise, van elk van die betrokke ouers (ingeteelde) lyne.wat op die eenheid gevestig is.

Groete

NPC Reg No 1989/003392/08

31 Oktober 2014

TO ALL MEMBERS INVOLVED WITH CERTIFICATION

CIRCULAR: GENERATION OF SEED

Please note that **NO** registrations for certification of units will be accepted as from **1 November 2014** of which the origin of the seed is indicated as “imported”, unless it is accompanied by the following documents – this is applicable for certification in terms of national as well as international seed schemes:

- An OECD Certificate verifying the origin and generation of the seed; and/or
- A scanned copy of the OECD/AOSCA labels that were attached to the containers of each of the various origins; and/or
- In the case of Pre-Basic/Breeder seed, written confirmation, on an official letterhead from the Breeder of the variety/inbred line concerned, that the seed lot concerned is suitable for the production of Pre-Basic or Basic Seed, AND
- A description of the variety as required by OECD or compiled according to UPOV guidelines, or in the case of hybrids and crosses, of each of the parent (inbred) lines concerned which were planted on the unit.

Regards
